

ROCKWALL ECONOMIC DEVELOPMENT CORPORATION

Building Rockwall

Rockwall, Texas

A solid foundation to build your business.

The most successful economic development strategies require visionary leadership and involve partners throughout the

community working together to build our great City. Through the strength of partnership, Rockwall is a dynamic City that fosters progressive economic development, offering diverse business and social opportunities while preserving the highest quality of life for those who choose to work and live here.

Rockwall Technology Park

The Rockwall Technology Park is one of Rockwall Economic Development Corporation's greatest assets. The 275 acre premier business park opened in 2000 and offers the benefits of shovel-ready sites, SONET Ring technology, daily park maintenance, utilities at the curb, and CC&R's that protect your business investment. The Rockwall Economic

Development Corporation offers 4A Tax Incentives, site improvement and development grants, land opportunities and fast-track permitting through the City of Rockwall. World leaders in business, including Fortune 500 & 1000 Companies, have chosen Rockwall Technology Park as their *premier business address*.

Rockwall Rail-Served Site

In addition to the 275 acres at the Rockwall Technology Park, The Rockwall Economic Development Corporation owns a 35 acre rail-served site providing rail service from the Dallas, Garland and Northeastern Railroad (DGNO) with direct connections to BN, UP & KCS (3 Class I Railroads). The

property, located one-half mile north of Interstate 30, will accommodate a 335,000 square foot building.

Rockwall Technology Park Welcomes North American Composites Company

The Rockwall Economic Development Corporation (REDC) is pleased to announce that North American Composites Company (NAC) will build a new 26,500 square foot distribution facility in the Rockwall Technology Park. Headquartered in St. Paul, Minnesota, NAC is a national distributor of fiberglass, resin, and related products to the composites industry.

"The REDC Board of Directors thanks NAC for selecting the Rockwall Technology Park for a new distribution facility. With this new building, the Park has attracted over \$60 million in new investment to Rockwall. "

Dr. Gene Burton, REDC Chairman of the Board

Rockwall Economic Development Corporation Welcomes New Board Members
