Regular Meeting 4:00 P.M.

Commissioner Heckman moved to appoint Chairman Burrow and Commissioner Oakes to the Interview Panel. Vice Chairman Mendoza seconded the motion, which passed unanimously.

2. Discussion and possible action regarding participation in or cooperation with the Sutter Yuba Association of Realtors and Yuba Sutter Builders and Developers

Chairman Burrow stated that he is a member of both the Sutter Yuba Association of Realtors and the Yuba Sutter Builders and Developers. He provided an overview of the River Valley Community Foundation, a non-profit 501C(3) corporation. The Foundation would like to promote more of a presence in the community and have the stakeholders in the community get together to talk about development. The City can help promote this by establishing a "Development Week."

One of the sponsored events last year was the "Parade of Homes." The Parade of Homes benefits builders, maintenance, & contractors, etc., and raises money for local charities. The realtor Association donated the proceeds from the first Parade of Homes to the Hands of Hope project. The next parade of Homes will take place in August or September 2009.

Mayor McBride suggested that information can be posted on the City website. Steve. Chairman Burrow suggested that the City can host an Open House – maybe at the Water or Wastewater plants in conjunction with the support of development. Commissioner Mendoza stated that this should link to the Economic Development Workplan and invite other agencies as well. A calendar can be posted with events. Mayor McBride stated that since it can be tied to Hands of Hope, the Sutter County Housing Authority can be involved. Use as a transition for homeless families to move to subsidized housing, then on to rentals, and on to home ownership. Seminars can be held at the fairground regarding "how do you...?"(get water turned on, sign up for PG&E, etc.). Mayor McBride volunteered to work with the Housing Authority.

Assistant City Manager Kroeger stated that Staff can research what can be done and bring back to the Commission.
